

New Source Review newspaper advertisements for construction permit applications, December 13, 2007. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: December 11, December 12, or December 13, 2007. Public notices are generally published every two weeks. The previous publication of public notices was November 29, 2007.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Star Manufacturing International, Inc. with a mailing address of 265 Hobson Street, Smithville, TN 37166. They seek to obtain an air contaminant permit (Division identification number: 21-0055-02/61428) for the construction of a Laser Cutting Operation located at the same address. This existing operation consists of one (1) CNC Laser Cutter used to accurately cut steel sheets in the production of commercial kitchen equipment. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants would be emitted by this source. Ms. Elizabeth Peeler is the assigned Division person.

For the Smith County *Carthage Courier* -- published once on or before Thursday, December 13, 2007.

The applicant is MD Recycling, Inc. with a mailing address of 1230 Pottertown Road, Midway, TN 37809. They seek to obtain an air contaminant permit (Division identification number: 30-0176-04/61492) for construction of a Rotary Dross Cooler located at the same address. This proposed operation would consist of a dross cooler, ball mill and screen. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Steven Simpson is the assigned Division person.

For the Greene County *Greeneville Sun* -- published once on or before Thursday, December 13, 2007.

The applicant is HAVCO Wood Products, LLC with a mailing address of P.O. Box 39, Vonore, TN 37885. They seek to obtain an air contaminant permit (Division identification number: 62-0090-12/61482) for the modification of Hardwood Dimensioning and Flooring Mills located at 150 Oak Drive, Vonore, Tennessee. The existing operation consists of wood-working operations including rips, saws, and sanders along with four (4) fabric filter bag houses for pollution control. This proposed modification would increase the allowable emission rate of particulate matter to 6.8 pounds per hour (0.008 grains per dry standard cubic foot of exhaust gases) from 2.56

pounds per hour. There would be no physical construction. Regulated air contaminants would be emitted by this source. Mr. Steven R. Simpson is the assigned Division person.

For the *Monroe County Advocate* -- published once on or before Thursday, November 29, 2007.

The applicant is Monterey Limestone Company, Inc. with a mailing address of P.O. Box 331, Livingston, TN 38570. They seek to obtain an air contaminant permit (Division identification number 71-0163-01/61500) to modify an existing Rock Crushing & Sizing operation on Highway 84 North, Monterey, TN 38574. This operation consists of crushers, screens, conveyors, limestone aggregate stockpiles and associated equipment to produce crushed limestone rock. The requested modification is to increase production capacity from 200,000 to 300,000 tons per year. Wet suppression will be used to for pollution control. There would be no physical construction. There would be an increase in regulated air contaminants emitted by this source. Mr. W. Medley is the assigned Division person.

For the Putnam County *Herald-Citizen* — published once on or before December 13, 2007.

The applicant is Diversified Scientific Services, Inc. (DSSI) with a mailing address of 657 Gallaher Road, Kingston, TN 37763. They seek to obtain an air contaminant permit for modification of a Mixed-Waste Fired Boiler (Division Identification Number 73-0137/61535) located at the same address. This existing operation consists of a mixed waste (RCRA hazardous and low-level radioactive waste) and commercial gaseous fuel-fired boiler, and associated operations. Air pollution control equipment for this source consists of a spray dryer/quench system, fabric filter, scrubber, and HEPA filters. The requested modifications are to revise emission limits and monitoring requirements for this facility. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. T. Blake is the assigned Division person.

For the Anderson County *Oak Ridger* -- published once on or before Thursday, December 13, 2007.

The applicant is Lowe's Companies, Inc. with a mailing address of 510 Hester Drive, White House, TN 37188. They seek to obtain an air contaminant permit (Division identification number: 74-0184-01/61520) for construction of a Surface Coating Operation located at the same address. This proposed operation would consist of two spray coating lines, an off-line spray booth, a natural gas-fired oven and associated equipment used to coat wood and metal doors and door parts. Exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the Robertson County *Times* -- published once on or before Thursday, December 13, 2007.

The applicant is Domtar Paper Company, LLC with a mailing address of 100 Clinchfield Street, Kingsport, TN 37660. They seek to obtain an air contaminant permit (Division identification number: 82-0022-47/61507) for modification of their existing Soda Recovery Furnace and Smelt Dissolving Tank located at the same address. The existing operation consists of a soda recovery furnace and smelt dissolving tank with an electrostatic precipitator for control of particulate matter emissions. The requested modification adds a separate and independent venturi scrubber to the smelt dissolving tank for control of particulate matter emissions. There would be physical construction. Regulated air contaminants emitted by this source would increase. Mr. Steven Simpson is the assigned Division person.

For the Sullivan County *Kingsport Times-News* -- published once on or before Thursday, December 13, 2007.
